Thursday VINITA, I. T. February 8

Have you received your invitation to the Roosevelt wedding?

The streets have been paved, all but the actual work of laying the brick.

The Frisco-Katy combination have a cinch on the mail-haul to the Southwest.

Passengers on the fast mail trains cannot understand why a Union depot was not built at the junction. There are those who could tell why we haven't a Union depot.

The activity about the railroad yards these days indicates that there'll be something doing this year in the matter of freight. The railroads are simply getting ready for business.

The fire department of Vinita has turned out more than once to save property for the railroads, and will no doubt do so again and again as occasion arrives. But the railroads do not pay one cent tax.

The record the republican party is making in the matter of statehood for Indian territory and Oklahoma, will not increase the vote for that party at the first state election is one thing that may be put down among the certainties.

The Leader has a short editorial about primary elections or something this week. As there are only about two thousand words sometime when there is a lull in the news it will be read in its entirety. The copy of the paper has been filed for that sole purpose.

If the Cherokee rolls are to remain open another year, and the land office indefinitely, the latter ought in all reason to be moved back to Vinita. It is nothing short of an injustice and really an outrage to force the Cherokee people to go outside their own country to file on their allotments.

STATEHOOD MONSTROSITY.

The eastern papers still teem with caustic editorials upon the sectional legislature that passed the house the other day, making one state out of Arizona and New Mexico. Western members have been surprised to see the slight interest taken in the great question by the western press. When it is too late the western people will probably realize the great injustice that has been done them.

The Washington Post last Monday morning printed the following editorial which is a fair sample of many editorials upon this question printed in non-partisan papers in the east.

"The Post never predicts, but if it were given to that bad practice it would say that the legislative action of Wednesday is likely to be the last sectional victory the east will ever gain over the west in the American congress. New England has twelve members in the United States senate, and you may throw all New England into either New Mexico or Arizona, and it would require a search warrant and a posse comitatus to find it. Fling the six New England states, one at a time, into different quarters of the proposed new state, and they might ceaselessly tramp around for a twelve-month without any one of them coming in contact with any other one of them in their bewildered wanderings. The excuse is that the two territories are deserts; but either of them skilfully managed, will yield more agricultural products than all New England.

President Roosevelt is the leader who fought the battle and gained it. Had he been even neutral the committee on rules would have been beaten three scores. Never in the history of the American congress was one mistake made to breed another until the committee on rules determined they would not do justice to Oklahoma and Indian Territory, unless, at the same time, they were permitted to visit injustice on Arizona and New Mexico. The "insurgents" with a backbone, though beaten, have not suffered in public estimation. It was not for them old Jacob pronounced the curse. "Unstable as water, thou shalt not excel." The committee on rules is smart enough to know, or at least to learn, that the very best way in the world to make an enemy is to humiliate him. The "insurgents" who yielded to the persuasion of the committee will have a considerable loss of humiliation to lug during the rest of the session. —Ardmoreite.

A Night Alarm.

Worse than an alarm of fire at night is the brassy cough of croup, which sounds like the children's death knell and it means death unless something is done quickly. Foley's Honey and Tar never fails to give instant relief and quickly cures the worst forms of croup. Mrs. P. L. Cordier, of Mannington, Ky., writes: "My three year old girl had a severe case of croup; the doctor said she could not live. I got a bottle of Foley's Honey and Tar, the first dose gave quick relief and saved her life." Refuse substitutes. A. P. Owens dw

A Thousand Dollars Thrown Away.
Mr. W. W. Baker, of Plainview, Neb., writes: "My wife had lung trouble for over fifteen years. We tried a number of doctors and spent over a thousand dollars without any relief. She was very low and I lost all hope, when a friend suggested trying Foley's Honey and Tar, which I did; and thanks be to this great remedy, it saved her life. She is stronger and enjoys better health than she has ever known in ten years. We shall never be without Foley's Honey and Tar and would ask those afflicted to try it." A. P. Owens. dw

RAGAN & FOSTER.

MAKES WEAK WOMEN STRONG AND SICK WOMEN WELL.

Forty years ago, Dr. Pierce searched Nature's laboratory for a remedy with which to supplant the ignorant and vicious methods of treatment, with alcoholic stimulants, then in vogue and still too commonly prescribed and advised for woman's peculiar ailments.

Nature abounds with most efficient remedies, and in Lady's Slipper root, Black Cohosh root, Unicorn root, Blue Cohosh root and Golden Seal root, Dr. Pierce found medicinal properties, which when extracted and preserved by the use of chemically pure glycerine, have proven most potent in making weak women strong and sick women well. It contains no alcohol; is not a "patent medicine," nor a secret one either.

"I was suffering with nervous headache, pains in the back and shoulders, so that at times I had to lie down for hours before I could raise my head," writes Mrs. Mary M. Thomas, of 311 Winston Street, Los Angeles, Cal. "After taking the first bottle of 'Favorite Prescription,' however, I was so pleased with the results that I kept on taking it until I was restored to health and strength. I shall never be without this great medicine, and shall take a few doses when I do not feel strong."

One of the principal uses of Dr. Pierce's Favorite Prescription is the preparation of prospective mothers for the time of trial and danger that comes when a child is born. The "Prescription" is strengthening and invigorating and lessens pain and danger. It insures the perfect well-being and the perfect health of both mother and child. Every woman should know these things before she really needs to know them. There are many things in Dr. Pierce's Common Sense Medical Adviser, that every woman ought to know. This celebrated work reached a sale of 600,000 copies at \$1.50 each. The expense of production having thus been covered, it is now being given away. A copy will be sent to any address on receipt of 21 one-cent stamps to cover cost of mailing only, or, in cloth binding for 31 stamps. Address Dr. R. V. Pierce, Buffalo, N.Y.

Don't Be Hoodwinked, hoodwinked, over-persuaded into accepting a substitute for the Original Little Liver Pills, first put up by old Dr. R. V. Pierce, over 40 years ago, and called Doctor Pierce's Pleasant Pellets. They've been much imitated but never equaled. One or two are laxative, three or four cathartic.
